Month of the Military Child/Child Abuse Awareness Month

Recognize the Warning Signs of Child Abuse

The behavior of children may signal abuse or neglect long before any change in physical appearance. Some of the signs may include:

- Nervousness around adults
- Aggression toward adults or other children
- Inability to stay awake or to concentrate for extended periods
- Sudden, dramatic changes in personality or activities
- Unnatural interest in sex
- Frequent or unexplained bruises or injuries
- Low self-esteem
- Poor hygiene

If you see these signs in any children you know, reach out to them and to their parents and offer a helping hand.

Report Suspected Abuse or Neglect

If you suspect abuse or neglect may be occurring, report it. In the Military Community, please call the **Family Advocacy Program (FAP) @ (301)342-4911**. In the Civilian Community, please call **Child Protective Services (CPS) @ (240)895-7016**. If you think a child is in immediate danger, call the police.

Protecting our military children is an all-hands mission. They are our future heroes - stand up for them.
